

Pray to Overcome Demonic Attacks

(PRAY IMMEDIATELY!)

Often the battle can be fierce. Keep several copies of this prayer available in various locations (purse, car, bedroom, etc.) Pray it when you feel overwhelmed, confused, or can't remember what to do. Keep this prayer nearby until you learn it from memory.

SAY:

1. "Holy Spirit, please burn back to their sources, all demonic spirits attacking me, as well as the declared elements and devices that are causing_____.
(Be specific to describe what you sense is coming against you, for example pain, dizziness, nausea, etc).

2. "Father, please send Your Mighty Heavenly Hosts and Warring Angels to arrest and escort all human spirits and declared entities serving Satan and the power of darkness to Your throne to receive Your righteous judgment. Let their orders concerning me be cancelled forever."

3. Important: ASK: "Lord has the problem been handled?"

Quiet your mind to hear what Holy Spirit says or shows you. Often the attacks are layered, and you will need to pray again to remove the layers. He may reveal other ways to pray or tell you more information about what is happening. If so, do exactly what He tells you to do. Keep praying your warfare in faith until all oppression is overcome.
